- (iii) redeem or call for redemption or purchase or otherwise retire or make any return of capital in respect of less than all of the Series O First Preferred Shares; or
- (iv) except pursuant to any purchase obligation, sinking fund, retraction privilege or mandatory redemption provision attaching thereto, redeem or call for redemption or purchase or otherwise retire any shares ranking *pari passu* with the Series O First Preferred Shares;

unless dividends (including cumulative dividends, if any) for the immediately preceding payment date (as defined in the share provisions) in respect of the Series O First Preferred Shares and all other shares ranking prior to or *pari passu* with the Series O First Preferred Shares shall have been declared and paid or monies set aside for payment.

Voting Rights

The holders of the Series O First Preferred Shares shall not be entitled to notice of or to attend or to vote at any meeting of the shareholders of the Corporation unless and until the Corporation shall at any time have failed to pay dividends on the Series O First Preferred Shares equal in the aggregate to one and one-half times the annual rate or amount of dividends carried by the Series O First Preferred Shares in accordance with the terms thereof, whether or not consecutive and whether or not such dividends shall have been declared and whether or not there shall have been

any monies of the Corporation properly applicable to the payment of dividends, and for such purpose such dividends shall be deemed to have accrued from day to day. Thereafter, until an amount or amounts equal in the aggregate to one year's dividends at the annual rate or amount of dividends carried by the Series O First Preferred Shares shall have been paid thereon, the holders of the Series O First Preferred Shares shall be entitled to receive notice of all general meetings of shareholders of the Corporation and to attend thereat, other than any meetings of the holders of any other series of First Preferred Shares held separately and as a series, and shall at any such meetings which they shall be entitled to attend, except when the vote of the holders of shares of any other class or series is to be taken separately and as a class or series, be entitled to one vote in respect of each Series O First Preferred Share held by each of such holders respectively.

Rights on Liquidation

In the event of the liquidation, dissolution or winding-up of the Corporation or other distribution of the assets of the Corporation among its shareholders for the purpose of winding up its affairs, whether voluntary or involuntary, subject to the prior satisfaction of the claims of all creditors of the Corporation and of holders of shares of the Corporation ranking prior to the Series O First Preferred Shares, the holders of the Series O First Preferred Shares shall be entitled to be paid and to receive an amount equal to \$25.00 per Series O First Preferred Share plus declared and unpaid dividends up to and including the date of distribution before any amount shall be paid or any assets of the Corporation shall be distributed to the holders of common shares or shares of any other class of the Corporation ranking junior to the Series O First Preferred Shares. After payment to the holders of the Series O First Preferred Shares of the amount so payable to them, they shall not be entitled to share in any further distribution of the assets of the Corporation.

Modification of Series

Approval of variations to the provisions of the Series O First Preferred Shares as a series and any other authorization required to be given by the holders of such shares as a series may be given by a resolution passed by an affirmative vote of not less than two-thirds of the votes cast at a general meeting of the holders of Series O First Preferred Shares duly called for such purpose and held upon at least 21 days' notice at which the holders of a majority of the outstanding shares of such series are present in person or represented by duly qualified proxy or, if no quorum is present at such meeting, at an adjourned meeting at which the holders of Series O First Preferred Shares then present in person or represented by proxy will form the necessary quorum.

Tax Election

The provisions of the Series O First Preferred Shares as a series require the Corporation to make the necessary election under Part VI.1 of the Income Tax Act so that a corporation holding Series O First Preferred Shares will not be subject to tax under Part IV.1 of the Income Tax Act on dividends received (or deemed to be received) on the Series O First Preferred Shares. See "Certain Canadian Federal Income Tax Considerations".

Business Day

If any action is required to be taken by the Corporation on a day that is not a business day, then such action will be taken on the next succeeding day that is a business day.

CERTAIN CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

In the opinion of Blake, Cassels & Graydon LLP, counsel to the Corporation, and Ogilvy Renault LLP, counsel to the Underwriters, the following is a summary of the principal Canadian federal income tax considerations generally applicable to a purchaser of Series O First Preferred Shares pursuant to this Prospectus Supplement (a "Holder") who, for purposes of the Income Tax Act and at all relevant times, is or is deemed to be a resident of Canada, deals at arm's length and is not affiliated with the Corporation and holds Series O First Preferred Shares as capital property. Generally, the Series O First Preferred Shares will be capital property to a Holder provided the Holder does not acquire or hold such shares in the course of carrying on a business or as part of an adventure or concern in the nature of trade. This summary is not applicable to a Holder that is a "financial institution" for purposes of the "mark to market property" rules in the Income Tax Act or a "specified financial institution" (as

defined in the Income Tax Act), nor does it apply to a Holder an interest in which is a “tax shelter investment” (as defined in the Income Tax Act) or to a Holder which has made a “functional currency” election under the Income Tax Act to determine its Canadian tax results in a currency other than Canadian currency. Such Holders are advised to consult with their own tax advisors. This summary assumes that the Series O First Preferred Shares will be listed on a designated stock exchange in Canada (which currently includes the TSX) at all relevant times.

This summary is of a general nature only and is not intended to be, nor should it be construed to be, legal or tax advice to any particular purchaser and no representations with respect to the income tax consequence to any particular purchaser are made. Accordingly, prospective purchasers should consult their own tax advisors with respect to their particular circumstances.

This summary is based upon the current provisions of the Income Tax Act, the regulations thereunder (the “Regulations”), all specific proposals to amend the Income Tax Act and the Regulations publicly announced by or on behalf of the Minister of Finance prior to the date hereof (the “Proposals”) and counsel's understanding of the current administrative policies and assessing practices of the Canada Revenue Agency made publicly available prior to the date hereof. No assurances can be given that the Proposals will be enacted as proposed, or at all. This summary does not otherwise take into account or anticipate any change in law or administrative policies or assessing practices, whether by legislative, governmental or judicial decision or action, nor does it take into account or consider any provincial, territorial or foreign tax legislation or considerations.

Dividends

Dividends (including deemed dividends) received on the Series O First Preferred Shares by an individual will be included in the individual's income and generally will be subject to the gross-up and dividend tax credit rules normally applicable to taxable dividends received from taxable Canadian corporations, including the enhanced dividend gross-up and dividend tax credit with respect to any dividends (including deemed dividends) designated by the Corporation as “eligible dividends” in accordance with the Income Tax Act.

Dividends (including deemed dividends) received on the Series O First Preferred Shares by a corporation will be included in computing the corporation's income and will generally be deductible in computing the taxable income of the corporation.

The Series O First Preferred Shares are “taxable preferred shares” as defined in the Income Tax Act. The terms of the Series O First Preferred Shares require the Corporation to make the necessary election under Part VI.1 of the Income Tax Act so that a corporation holding Series O First Preferred Shares will not be subject to tax under Part IV.1 of the Income Tax Act on dividends received (or deemed to be received) on the Series O First Preferred Shares.

Dividends received by an individual (including certain trusts) may give rise to a liability for alternative minimum tax.

A “private corporation”, as defined in the Income Tax Act, or any other corporation controlled (whether by reason of a beneficial interest in one or more trusts or otherwise) by or for the benefit of an individual (other than a trust) or a related group of individuals (other than trusts), will generally be liable to pay refundable tax under Part IV of the Income Tax Act of 33¹/₃% of dividends received (or deemed to be received) on the Series O First Preferred Shares to the extent such dividends are deductible in computing its taxable income.

Dispositions

A Holder who disposes of or is deemed to dispose of a Series O First Preferred Share (either on redemption of the Series O First Preferred Share for cash or otherwise) will generally realize a capital gain (or sustain a capital loss) to the extent that the proceeds of disposition, net of any reasonable costs of disposition, exceed (or are less than) the adjusted cost base of such share to such Holder. The amount of any deemed dividend arising on the redemption or acquisition by the Corporation of a Series O First Preferred Share will generally not be included in computing the proceeds of disposition to the Holder for purposes of computing the capital gain or capital loss arising on the disposition of the Series O First Preferred Share. See “Redemption” below. If the Holder is a corporation, any capital loss arising on the disposition of a Series O First Preferred Share may, in certain circumstances, be reduced

by the amount of any dividends, including deemed dividends, which have been received on the Series O First Preferred Share or on any share which was converted into or exchanged for such share. Analogous rules apply to a partnership or trust of which a corporation, trust or partnership is a member or beneficiary.

Generally, one-half of any capital gain will be included in computing the Holder's income as a taxable capital gain. One-half of any capital loss may be deducted from the Holder's taxable capital gains subject to and in accordance with the rules contained in the Income Tax Act. Capital gains realized by an individual (including certain trusts) may give rise to liability for alternative minimum tax under the Income Tax Act. An amount in respect of taxable capital gains of a Canadian-controlled private corporation, as defined in the Income Tax Act, may be subject to an additional refundable tax of $6\frac{2}{3}\%$.

Redemption

If the Corporation redeems for cash or otherwise acquires a Series O First Preferred Share, other than by a purchase in the open market in the manner in which shares are normally purchased by a member of the public in the open market, the Holder will be deemed to have received a dividend equal to the amount, if any, paid by the Corporation, including any redemption premium, in excess of the paid-up capital (as determined for purposes of the Income Tax Act) of such share at such time. Generally, the proceeds of disposition for purposes of computing the capital gain or capital loss arising on the disposition of such share will be equal to the amount paid by the Corporation on redemption or acquisition of such share, including any redemption premium, less the amount of the deemed dividend, if any. In the case of a corporate shareholder, it is possible that in certain circumstances all or part of the deemed dividend may be treated as proceeds of disposition and not as a dividend.

EARNINGS COVERAGE RATIOS

Power Financial's dividend requirements on all of its preferred shares including those of subsidiaries, after giving effect to the issue of the Series O First Preferred Shares (assuming the Option Shares are issued) and adjusted to a pre-tax equivalent using effective income tax rates of 22.8% and 22.6%, respectively, amounted to \$447 million and \$444 million for the 12 months ended December 31, 2008 and for the 12 months ended June 30, 2009, respectively. Power Financial's annualized interest requirements on its consolidated debt for the 12 months ended December 31, 2008 and for the 12 months ended June 30, 2009, amounted to \$404 million and \$401 million, respectively for each such periods.

Power Financial's earnings before interest on debt and dividends on preferred shares classified as liabilities, income tax and non-controlling interest for the 12 months ended December 31, 2008 was \$2,934 million, which is 3.4 times the aggregate dividend and interest on debt requirements for this period. Power Financial's earnings before interest on debt and dividends on preferred shares classified as liabilities, income tax and non-controlling interest for the 12 months ended June 30, 2009 was \$1,063 million, which is 1.3 times the aggregate dividend and interest on debt requirements for this period.

RATINGS

The Series O First Preferred Shares have been given a preliminary rating of Pfd-1 (low) with a Stable trend by DBRS Limited ("DBRS"). Pfd-1 (low) is the third highest of sixteen ratings used by DBRS for preferred shares. Preferred shares with a Pfd-1 (low) rating are of superior credit quality, and are supported by entities with strong earnings and balance sheet characteristics. Pfd-1 securities generally correspond with companies whose senior bonds are rated AAA or AA. As in the case with all rating categories, the relationship between senior debt ratings and preferred share ratings should be understood as one where the senior debt rating effectively sets a ceiling for the preferred shares issued by the entity. However, there are cases where the preferred share rating could be lower than the normal relationship with the issuer's senior debt rating.

The Series O First Preferred Shares have been given a preliminary rating of P-1(Low) under its Canadian rating scale and A- under its global rating scale by Standard & Poor's Rating Services ("S&P"). A P-1(Low) rating is the third highest of eighteen ratings used by S&P in its Canadian national preferred share rating scale. Correspondingly, an A- rating is the fifth highest of the twenty ratings used by S&P in its Global preferred share rating scale. A

preferred share rating of A- indicates that the obligor's capacity to meet its financial commitment on the obligation is still strong, but is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than higher rated categories.

Credit ratings are intended to provide investors with an independent assessment of the credit quality of an issue or issuer of securities and do not speak to the suitability of particular securities for any particular investor. A security rating is therefore not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time by the rating agency.

PLAN OF DISTRIBUTION

Under an underwriting agreement (the "Underwriting Agreement") dated October 1, 2009 between the Corporation and the Underwriters, the Corporation has agreed to sell and the Underwriters have severally agreed to purchase, as principals, subject to compliance with all necessary legal requirements and to the terms and conditions contained therein, on October 9, 2009 or such other date not later than November 11, 2009 as may be agreed upon by the parties, all but not less than all of the 6,000,000 Series O First Preferred Shares at an aggregate price of \$150,000,000 payable in cash to the Corporation against delivery.

In consideration for their services in connection with this offering, the Corporation has agreed to pay the Underwriters a fee equal to \$0.25 per Series O First Preferred Share sold to certain exempt institutions and \$0.75 per share with respect to all other sales of Series O First Preferred Shares. Assuming that no Series O First Preferred Shares are sold to such institutions, the Underwriters' fee will be \$4,500,000. All fees payable to the Underwriters will be paid on account of services rendered in connection with the issue and will be paid out of the general funds of the Corporation.

The Corporation has granted to the Underwriters an option to purchase the Option Shares at the offering price hereunder, exercisable at any time before 8:30 a.m. on the date that is two business days prior to the closing of this offering. This Prospectus Supplement also qualifies the distribution of the Option Shares. The Underwriters will be paid a fee equal to \$0.25 with respect to Option Shares sold to certain institutions, and \$0.75 with respect to all other Option Shares.

The Underwriting Agreement provides that the Underwriters may, at their discretion, terminate their obligations thereunder upon the occurrence of certain stated events or if there should develop, occur or come into effect any occurrence of national or international consequence, or any action, government law or regulation, inquiry or other occurrence of any nature whatsoever which in the reasonable opinion of the Underwriters may materially adversely affect Canadian financial markets or the business, operations or affairs of the Corporation and its subsidiaries, taken together, and such event would be reasonably expected to have a significant adverse effect on the market price or value of the Series O First Preferred Shares. The Underwriters are, however, obligated to take up and pay for all the Series O First Preferred Shares if any Series O First Preferred Shares are purchased under the Underwriting Agreement.

The Underwriters may not, throughout the period of distribution, bid for or purchase the Series O First Preferred Shares. The foregoing restriction is subject to certain exemptions, as long as the bid or purchase is not engaged in for the purpose of creating actual or apparent active trading in, or raising the price of, the Series O First Preferred Shares. These exceptions include a bid or purchase permitted under the Universal Market Integrity Rules administered by the Investment Industry Regulatory Organization of Canada relating to market stabilization and passive market-making activities and a bid or purchase made for and on behalf of a customer where the order was not solicited during the period of distribution. In connection with this offering, the Underwriters may over allot or effect transactions which stabilize or maintain the market price of the Series O First Preferred Shares at a level above that which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time.

The Series O First Preferred Shares have not been and will not be registered under the United States Securities Act of 1933, as amended (the "U.S. Securities Act"), or any state securities laws and, subject to certain exemptions, may not be offered or sold within the United States or to U.S. persons. The distribution of this Prospectus Supplement and the offering and sale of the Series O First Preferred Shares are also subject to certain restrictions

under the laws of certain other jurisdictions outside of Canada. Each Underwriter has agreed that it will not offer for sale or sell or deliver the Series O First Preferred Shares in any such jurisdiction except in accordance with the laws thereof.

The Underwriters propose to offer the Series O First Preferred Shares initially at the offering price specified on the cover page of this Prospectus Supplement. After the Underwriters have made a reasonable effort to sell all of the Series O First Preferred Shares at the price specified on the cover page, the offering price may be decreased and may be further changed from time to time to an amount not greater than that set out on the cover page.

The determination of the terms of the distribution, including the issue price of the Series O First Preferred Shares, was made through negotiations between the Corporation and the Underwriters.

Power Financial has applied to list the Series O First Preferred Shares on the TSX. Listing will be subject to Power Financial fulfilling all of the requirements of the TSX.

RISK FACTORS

An investment in the Series O First Preferred Shares is subject to certain risks, including those set out in the Prospectus and the following.

Power Financial's Annual Information form dated March 18, 2009, Power Financial's Management's Discussion and Analysis of Operating Results and consolidated financial statements for the year ended December 31, 2008 as well as Power Financial's Management's Discussion and Analysis of Operating Results and consolidated financial statements for the three- and six-month periods ended June 30, 2008 are incorporated by reference in this section. These documents discuss, among other things, known material trends and events, and risks or uncertainties that are reasonably expected to have a material effect on Power Financial's business, financial condition or results of operations. See also the discussion under "Earnings Coverage Ratios", which is relevant to an assessment of the risk that Power Financial will be unable to pay dividends on the Series O First Preferred Shares.

Canadian generally accepted accounting principles require the Corporation and its subsidiaries to perform an impairment test on goodwill and intangible assets at least annually. Such testing has not yet been completed for the Corporation and certain of its subsidiaries for the year ending December 31, 2009. It is not possible to determine the outcome of the impairment test at this time.

The value of Series O First Preferred Shares will be affected by the general creditworthiness of Power Financial. The market value of the Series O First Preferred Shares, as with other preferred shares, is primarily affected by changes (actual or anticipated) in prevailing interest rates and in the credit rating assigned to such shares. Real or anticipated changes in credit ratings on the Series O First Preferred Shares may also affect the cost at which Power Financial can transact or obtain funding, and thereby affect its liquidity, business, financial condition or results of operations.

The Series O First Preferred Shares rank equally with other First Preferred Shares of Power Financial in the event of an insolvency or winding-up of Power Financial. If Power Financial becomes insolvent or is wound-up, Power Financial's assets must be used to pay debt, including subordinated debt, before payments may be made on Series O First Preferred Shares and other preferred shares.

The Series O First Preferred Shares are non-cumulative and dividends are payable at the discretion of the Board of Directors. See "Details of the Offering" and "Earnings Coverage Ratios" which are relevant to an assessment of the risk that Power Financial will be unable to pay dividends on the Series O First Preferred Shares.

The Series O First Preferred Shares do not have a fixed maturity date and are not redeemable at the option of the holders thereof. The ability of a holder to dispose of its holdings of Series O First Preferred Shares may be limited.

Stock market volatility may affect the market price of the Series O First Preferred Shares for reasons unrelated

to Power Financial's performance.

There can be no assurance that an active trading market will develop for the Series O First Preferred Shares after the offering, or, if developed, that such market will be sustained at the offering price of the Series O First Preferred Shares.

USE OF PROCEEDS

The net proceeds from the sale of the Series O First Preferred Shares offered hereunder (and assuming the Option Shares are issued) will amount to approximately \$242,175,000 after deducting the Underwriters' fee (assuming no sales of Series O First Preferred Shares to certain institutions) and estimated expenses of the issue and assuming exercise of the Over-Allotment Option. Such fee and expenses will be paid out of the general funds of the Corporation. The net proceeds of this offering will be used by the Corporation to supplement its financial resources and for general corporate purposes.

LEGAL MATTERS

In connection with the issue and sale of the Series O First Preferred Shares, certain legal matters will be passed upon on behalf of the Corporation by Blake, Cassels & Graydon LLP and on behalf of the Underwriters by Ogilvy Renault LLP. As of the date hereof, the partners and associates of Blake, Cassels & Graydon LLP and Ogilvy Renault LLP, as a group beneficially own, directly or indirectly, less than 1% of the outstanding securities of Power Financial or any associated party or affiliate of Power Financial.

TRANSFER AGENT AND REGISTRAR

The registrar and transfer agent for the Series O First Preferred Shares is Computershare Investor Services Inc. at its principal offices in Montréal, Québec, and Toronto, Ontario.

PURCHASERS' STATUTORY RIGHTS OF WITHDRAWAL AND RESCISSION

The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for the particulars of these rights or consult with a legal adviser.

Certain statements in this Prospectus, other than statements of historical fact, are forward-looking statements based on certain assumptions and reflect the Corporation's and its subsidiaries' current expectations. Forward-looking statements are provided for the purposes of assisting the reader in understanding the Corporation's financial position and results of operations as at and for, the periods ended on certain dates and to present information about management's current expectations and plans relating to the future and the reader is cautioned that such statements may not be appropriate for other purposes. These statements may include, without limitation, statements regarding the operations, business, financial condition, expected financial results, performance, prospects, opportunities, priorities, targets, goals, ongoing objectives, strategies and outlook of the Corporation and its subsidiaries, as well as the outlook for North American and international economies, for the current fiscal year and subsequent periods. Forward-looking statements include statements that are predictive in nature, depend upon or refer to future events or conditions, or include words such as "expects", "anticipates", "plans", "believes", "estimates", "seeks", "intends", "targets", "projects", "forecasts" or negative versions thereof and other similar expressions, or future or conditional verbs such as "may", "will", "should", "would" and "could".

This information is based upon certain material factors or assumptions that were applied in drawing a conclusion or making a forecast or projection as reflected in the forward-looking statements, including perceptions of historical trends, current conditions and expected future developments, as well as other factors that are believed to be appropriate in the circumstances.

By its nature, this information is subject to inherent risks and uncertainties, that may be general or specific and which give rise to the possibility that expectations, forecasts, predictions, projections or conclusions will not prove to be accurate, that assumptions may not be correct and that objectives, strategic goals and priorities will not be achieved. A variety of material factors, many of which are beyond the Corporation's and its subsidiaries' control, affect the operations, performance and results of the Corporation and its subsidiaries and their businesses, and could cause actual results to differ materially from current expectations of estimated or anticipated events or results. These factors include, but are not limited to: the impact or unanticipated impact of general economic, political and market factors in North America and internationally, interest and foreign exchange rates, global equity and capital markets, management of market liquidity and funding risks, changes in accounting policies and methods used to report financial condition (including uncertainties associated with critical accounting assumptions and estimates), the effect of applying future accounting changes (including adoption of International Financial Reporting Standards), business competition, operational and reputational risks, technological change, changes in government regulation and legislation, changes in tax laws, unexpected judicial or regulatory proceedings, catastrophic events, the Corporation's and its subsidiaries' ability to complete strategic transactions, integrate acquisitions and implement other growth strategies, and the Corporation's and its subsidiaries' success in anticipating and managing the foregoing factors.

The reader is cautioned that the foregoing list of factors is not exhaustive of the factors that may affect any of the Corporation's and its subsidiaries' forward-looking statements. The reader is also cautioned to consider these and other factors, uncertainties and potential events carefully and not to put undue reliance on forward-looking statements.

Other than as specifically required by law, the Corporation undertakes no obligation to update any forward-looking statement to reflect events or circumstances after the date on which such statement is made, or to reflect the occurrence of unanticipated events, whether as a result of new information, future events or results, or otherwise.

DESCRIPTION OF FIRST PREFERRED SHARES

The following sets forth certain general terms and provisions of the First Preferred Shares. The particular terms and provisions of a series of First Preferred Shares offered by a Prospectus Supplement, and the extent to which the general terms and provisions described below may apply thereto, will be described in such Prospectus Supplement. First Preferred Shares may be issued in fully registered form or in “book-entry only” form. See “Book-Entry Only Securities”.

The First Preferred Shares of Power Financial may be issued in one or more series with such rights, privileges, restrictions and conditions as the Board of Directors of Power Financial designates. The following is a summary of certain provisions of the First Preferred Shares as a class.

Certain Provisions of the First Preferred Shares as a Class

Priority

With respect to the payment of dividends and the distribution of assets in the event of the liquidation, dissolution or winding-up of Power Financial, whether voluntary or involuntary, or any other distribution of the assets of Power Financial among its shareholders for the purpose of winding up its affairs, the First Preferred Shares of each series rank on a parity with the First Preferred Shares of every other series and in priority to the Second Preferred Shares (although no Second Preferred Shares have yet been issued), the Common Shares and any other shares ranking junior to the First Preferred Shares. On such a distribution, the rights of the holders of the First Preferred Shares of each series will be subject to the prior satisfaction of all claims of all creditors of Power Financial and of holders of shares of Power Financial ranking prior to the First Preferred Shares.

Approval by First Preferred Shareholders

In addition to any shareholder approvals required by applicable law, the approval of the holders of the First Preferred Shares as a class is required to delete, add to or vary any right, privilege, preference, restriction or condition attaching to the First Preferred Shares as a class.

Voting Rights

The holders of First Preferred Shares of any series shall not be entitled to notice of or to attend or to vote at any meeting of the shareholders of Power Financial except as may be specifically provided in the provisions attaching to the First Preferred Shares of such series. At any meeting of shareholders at which, notwithstanding the foregoing, holders of the First Preferred Shares are required or entitled by law to vote separately as a class, each holder of a Preferred Share of any series thereof shall be entitled to cast, in respect of each such share held, that number of votes as is equal to the quotient obtained by dividing the total number of dollars which were received by Power Financial as consideration for the issue of all outstanding shares of such series by the number of such outstanding shares, provided that in respect of any such consideration denominated in a currency other than Canadian dollars, the Board of Directors of Power Financial shall determine the appropriate conversion rate of such currency to Canadian dollars in effect on the date of the issue of such shares and, based on such rate, the Canadian dollar equivalent of such consideration, and provided further that when such quotient is a fraction or a whole number plus a fraction, there shall be no right to vote in respect of such fraction.

Any meeting of shareholders at which the holders of First Preferred Shares are required or entitled by law to vote separately as a class or as a series shall, unless the Articles of Power Financial otherwise provide, be called and conducted in accordance with the by-laws of Power Financial, provided that no amendment to or repeal of the provisions of such by-laws made after the date of the first issue of any of the First Preferred Shares by Power Financial shall be applicable to the calling and conduct of a meeting of holders of the First Preferred Shares voting separately as a class or as a series unless such amendment or repeal has theretofore been approved by a resolution adopted by the holders of the First Preferred Shares voting separately as a class.

BOOK-ENTRY ONLY SECURITIES

Securities issued in “book-entry only” form must be purchased, transferred or redeemed through participants (“CDS Participants”) in the depository service of CDS Clearing and Depository Services Inc. or a successor (collectively, “CDS”). Each of the underwriters, dealers or agents, as the case may be, named in an accompanying Prospectus Supplement will be a CDS Participant or will have arrangements with a CDS Participant. On the closing of a book-entry only offering, Power Financial may cause a global certificate or certificates representing the aggregate number of Securities subscribed for under such offering to be delivered to, and registered in the name of, CDS or its nominee. Except as described below, no purchaser of Securities will be entitled to a certificate or other instrument from Power Financial or CDS evidencing that purchaser’s ownership thereof, and no purchaser will be shown on the records maintained by CDS except through a book-entry account of a CDS Participant acting on behalf of such purchaser. Each purchaser of Securities will receive a customer confirmation of purchase from the registered dealer from which the Securities are purchased in accordance with the practices and procedures of that registered dealer. The practices of registered dealers may vary, but generally customer confirmations are issued promptly after execution of a customer order. CDS will be responsible for establishing and maintaining book-entry accounts for its CDS Participants having interests in the Securities. Reference in this Prospectus to a holder of Securities means, unless the context otherwise requires, the owner of the beneficial interest in the Securities.

If Power Financial determines, or CDS notifies Power Financial in writing, that CDS is no longer willing or able to discharge properly its responsibilities as depository with respect to the Securities and Power Financial is unable to locate a qualified successor, or if Power Financial at its option elects, or is required by law, to terminate the book-entry system, then the Securities will be issued in fully registered form to holders or their nominees.

Transfer, Conversion or Redemption of Securities

Transfer of ownership, conversion or redemption of Securities will be effected through records maintained by CDS or its nominee for such Securities with respect to interests of CDS Participants, and on the records of Participants with respect to interests of persons other than CDS Participants. Holders who desire to purchase, sell or otherwise transfer ownership of or other interests in the Securities may do so only through CDS Participants.

The ability of a holder to pledge a Security or otherwise take action with respect to such holder’s interest in a Security (other than through a CDS Participant) may be limited due to the lack of a physical certificate.

Payments and Notices

Payments of principal, redemption price, if any, dividends and interest, as applicable, on each Security will be made by Power Financial to CDS or its nominee, as the case may be, as the registered holder of the Security and Power Financial understands that such payments will be credited by CDS or its nominee in the appropriate amounts to the relevant CDS Participants. Payments to holders of Securities of amounts so credited will be the responsibility of the CDS Participants.

As long as CDS or its nominee is the registered holder of the Securities, CDS or its nominee, as the case may be, will be considered the sole owner of the Securities for the purposes of receiving notices or payments on the Securities. In such circumstances, the responsibility and liability of Power Financial in respect of notices or payments on the Securities is limited to giving or making payment of any principal, redemption price, if any, dividends and interest due on the Securities to CDS or its nominee.

Each holder must rely on the procedures of CDS and, if such holder is not a CDS Participant, on the procedures of the CDS Participant through which such holder owns its interest, to exercise any rights with respect to the Securities. Power Financial understands that under existing policies of CDS and industry practices, if Power Financial requests any action of holders or if a holder desires to give any notice or take any action which a registered holder is entitled to give or take with respect to the Securities, CDS would authorize the CDS Participant acting on behalf of the holder to give such notice or to take such action, in accordance with the procedures established by CDS or agreed to from time to time by Power Financial, any Trustee and CDS. Any holder that is not a Participant must rely on the contractual arrangement it has directly, or indirectly through its financial intermediary, with its CDS Participant to give such notice or take such action.

Power Financial, the underwriters, dealers or agents and any Trustee identified in an accompanying Prospectus Supplement, as applicable, will not have any liability or responsibility for (i) records maintained by CDS relating to

beneficial ownership interest in the Securities held by CDS or the book-entry accounts maintained by CDS; (ii) maintaining, supervising or reviewing any records relating to any such beneficial ownership interest; or (iii) any advice or representation made by or with respect to CDS and contained herein or in any Trust Indenture with respect to the rules and regulations of CDS or at the directions of the CDS Participants.

EARNINGS COVERAGE RATIOS

Earnings coverage ratios will be provided as required in the Prospectus Supplement with respect to the issuance of Securities pursuant to such Prospectus Supplement.

PLAN OF DISTRIBUTION

Power Financial may sell the Securities (i) through underwriters or dealers, (ii) directly to one or more purchasers pursuant to applicable statutory exemptions or (iii) through agents. The Securities may be sold at fixed prices or non-fixed prices, such as prices determined by reference to the prevailing price of the Securities in a specified market, at market prices prevailing at the time of sale or at prices to be negotiated with purchasers, which prices may vary as between purchasers and during the period of distribution of the Securities. The Prospectus Supplement for any of the Securities being offered thereby will set forth the terms of the offering of such Securities, including the type of security being offered, the name or names of any underwriters, dealers or agents, the purchase price of such Securities, the proceeds to Power Financial from such sale, any underwriting discounts and other items constituting underwriters' compensation, any public offering price and any discounts or concessions allowed or re-allowed or paid to dealers. Only underwriters so named in the Prospectus Supplement are deemed to be underwriters in connection with the Securities offered thereby.

If underwriters are used in the sale, the Securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale, at market prices prevailing at the time of sale or at prices related to such prevailing market prices. The obligations of the underwriters to purchase such Securities will be subject to certain conditions precedent, and the underwriters will be obligated to purchase all the Securities offered by the Prospectus Supplement if any of such Securities are purchased. Any public offering price and any discounts or concessions allowed or re-allowed or paid to underwriters, dealers or agents may be changed from time to time.

The Securities may also be sold directly by Power Financial at such prices and upon such terms as agreed to by Power Financial and the purchaser or through agents designated by Power Financial from time to time. Any agent involved in the offering and sale of the Securities in respect of which this Prospectus is delivered will be named, and any commissions payable by Power Financial to such agent will be set forth, in the Prospectus Supplement. Unless otherwise indicated in the Prospectus Supplement, any agent is acting on a best efforts basis for the period of its appointment.

Power Financial may agree to pay the underwriters a commission for various services relating to the issue and sale of any Securities offered hereby. Any such commission will be paid out of the general corporate funds of Power Financial. Underwriters, dealers and agents who participate in the distribution of the Securities may be entitled under agreements to be entered into with Power Financial to indemnification by Power Financial against certain liabilities, including liabilities under securities legislation, or to contribution with respect to payments which such underwriters, dealers or agents may be required to make in respect thereof.

In connection with any offering of the Securities (unless otherwise specified in a Prospectus Supplement), the underwriters or agents may over-allot or effect transactions which stabilize or maintain the market price of the Securities offered at a higher level than that which might exist in the open market. These transactions may be commenced, interrupted or discontinued at any time.

Unless otherwise specified in a Prospectus Supplement, the Securities will not be registered under the United States Securities Act of 1933, as amended.

RISK FACTORS

Before deciding whether to invest in any Securities, investors should consider carefully the risks set out in the documents incorporated by reference in this Prospectus (including the risks described under “Risk Factors” of Power Financial’s Annual Information Form dated March 20, 2008, and all subsequently filed documents incorporated by reference) and those described in a Prospectus Supplement relating to a specific offering of Securities.

In several of the provinces and territories, the securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, revision of the price or damages if the prospectus and any amendment contains a misrepresentation or is not delivered to the purchaser, provided that the remedies for rescission, revision of the price or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser’s province or territory.
